INDEPENDENT AUDITOR'S REPORT

Board of Directors
Palo Pinto County Water Control and
Improvement District No. 1
Palo Pinto County, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Palo Pinto County Water Control and Improvement District No. 1 (the "District") as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - General Fund be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Board of Directors
Palo Pinto County Water Control and Improvement District No. 1

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide an assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**PALO PINTO COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 1
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

Management’s discussion and analysis of Palo Pinto County Water Control and Improvement District No. 1 (the “District”) financial performance provides an overview of the District’s financial activities for the fiscal year ended September 30, 2025. Please read it in conjunction with the District’s financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District’s annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District’s overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes the District’s assets, liabilities and, if applicable deferred inflows and outflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District’s net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, operating costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

**PALO PINTO COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") and other supplementary information. A budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, liabilities exceeded assets and deferred outflows of resources by \$164,462 as of September 30, 2025.

A portion of the District's net position reflects its net investment in capital assets (water and wastewater facilities, less any debt used to acquire those assets that is still outstanding). The District uses these assets to provide water and wastewater services.

**PALO PINTO COUNTY WATER CONTROL
AND IMPROVEMENT DISTRICT NO. 1
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUND

The District has a combined fund balance in the amount of \$1,560,501 as of September 30, 2025, an increase of \$290,938 from the prior year.

The General Fund fund balance increased by \$248,807 due to property tax and service revenues exceeding operating expenditures.

The Debt Service Fund fund balance increased by \$40,071, due to the structure of the District's outstanding debt service requirements.

The Capital Projects Fund fund balance increased by \$2,060.

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors did not amend the budget during the current fiscal year. Actual revenues were \$43,113 more than budgeted revenues. Actual expenditures were \$84,685 less than budgeted expenditures. This resulted in a positive budget variance of \$127,798. See the budget to actual comparison for further information.

CAPITAL ASSETS

Capital assets as of September 30, 2025 total \$2,241,750 (net of accumulated depreciation) and include the water and wastewater systems, as well as, the capacity interest in the Possum Kingdom water system.

Capital Assets At Year-End, Net of Accumulated Depreciation			
	2025	2024	Change Positive (Negative)
Capital Assets, Net of Accumulated Depreciation:			
Water System	\$ 388,202	\$ 416,375	\$ (28,173)
Wastewater System	1,694,429	1,753,795	(59,366)
Capacity in Possum Kingdom Water System	159,119	166,138	(7,019)
Total Net Capital Assets	\$ 2,241,750	\$ 2,336,308	\$ (94,558)

AND IMPROVEMENT DISTRICT NO. 1
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

LONG-TERM DEBT ACTIVITY

As of September 30, 2025, the District had total bond debt payable of \$4,040,000. The changes in the debt position of the District during the fiscal year ended September 30, 2025, are summarized as follows:

Bond Debt Payable, October 1, 2024	\$ 4,255,000
Less: Bond Principal Paid	<u>215,000</u>
Bond Debt Payable, September 30, 2025	<u>\$ 4,040,000</u>

The District does not have an underlying rating and the Series 2020 and 2021 bonds are not insured.

CONTACTING THE DISTRICT’S MANAGEMENT

This financial report is designed to provide a general overview of the District’s finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Palo Pinto County Water Control and Improvement District No. 1, c/o Winstead PC, 2728 N. Harwood Street, Suite 500, Dallas, TX 75201.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2025**

Total Fund Balances - Governmental Funds	\$	1,560,501
--	----	-----------

Amounts reported for governmental activities in the Statement of Net Position are different because:

Interest paid in advance as part of a refunding bond sale is recorded as a deferred outflow in the governmental activities and systematically charged to interest expense over the remaining life of the new debt or the old debt, whichever is shorter.		85,415
--	--	--------

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported as assets in the governmental funds.		2,241,750
--	--	-----------

Deferred inflows of resources related to property tax revenues for the 2024 tax levy became part of recognized revenue in the governmental activities of the District.		801
--	--	-----

Certain liabilities are not due and payable in the current period and, therefore, are not reported as liabilities in the governmental funds. These liabilities at year end consist of:

Accrued Interest Payable	\$ (12,929)	
Bonds Payable	<u>(4,040,000)</u>	<u>(4,052,929)</u>
Total Net Position - Governmental Activities		<u>\$ (164,462)</u>

The accompanying notes to the financial statements are an integral part of this report.

IMPROVEMENT DISTRICT NO. 1
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED SEPTEMBER 30, 2025**

Net Change in Fund Balances - Governmental Funds	\$	290,938
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report tax revenues when collected. However, in the Statement of Net Activities, revenue is recorded in the accounting period for which the taxes are levied.		99
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.		(71,460)
Amount previously reported as due to developer in the Statement of Net Position has been recorded as miscellaneous revenues in the Statement of Activities since it was determined amount is no longer due to developer.		335,113
Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Position, bond principal payments are reported as decreases in long-term liabilities.		215,000
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.		<u>(5,025)</u>
Change in Net Position - Governmental Activities	\$	<u><u>764,665</u></u>

The accompanying notes to the financial statements are an integral part of this report.

**PALO PINTO COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

NOTE 1. CREATION OF DISTRICT

Palo Pinto County Fresh Water Supply District No. 1 (the “District”) was created by the Palo Pinto County Commissioners Court by their Order, dated on August 27, 2007 and, on September 2, 2009, the District was converted to a water control and improvement district, in accordance with Section 59 of Article XVI of the Texas Constitution and Chapters 49 and 51 of the Texas Water Code. The District shall be organized to conserve, transport, and distribute fresh water from any sources of domestic and commercial purposes inside and/or outside the boundaries of the District, and the District may, purchase, construct, acquire, own, operate, repair, improve, and extend sanitary sewer systems to control wastes pursuant to an order of the TCEQ dated March 9, 2011. The District shall have the powers of government and authority to exercise the rights, privileges, and functions given to it by Chapters 49, 51 and, for limited purposes, 53 of the Texas Water Code. The District is governed by a Board of Directors consisting of five individuals who are owners of property within the District and are elected by voters within the District. The Board of the District held their first meeting on September 5, 2007, and the first bonds were sold February 28, 2012.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board (“GASB”). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District’s financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting (“GASB Codification”).

**PALO PINTO COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets – This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position – This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

**PALO PINTO COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has three governmental funds and considers each to be major.

General Fund - To account for resources not required to be accounted for in another fund, customer service revenues, operating costs and general expenditures.

Debt Service Fund - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

Capital Projects Fund - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. As of September 30, 2025, the Debt Service Fund owed the General Fund \$4,922 for an excess transfer of maintenance tax collections.

**PALO PINTO COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$10,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Buildings	40
Water System	10-45
Wastewater System	10-45
Drainage System	10-45
All Other Equipment	3-20

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District’s Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the original budget amounts compared to the actual amounts of revenues and expenditures for the current year.

Pensions

A pension plan has not been established. The District does not have employees, except that the Internal Revenue Service has determined that the directors are considered “employees” for federal payroll tax purposes only.

**PALO PINTO COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact. The District does not have any nonspendable fund balances.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances. The District does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

**PALO PINTO COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. LONG-TERM DEBT

	Series 2020	Series 2021
Amounts Outstanding – September 30, 2025	\$ 225,000	\$ 3,815,000
Interest Rates	1.45% - 2.25%	2.00% - 3.00%
Maturity Dates – Serially Beginning/Ending	August 15, 2026/2040	August 15, 2026/2041
Interest Payment Dates	February 15, August 15	February 15, August 15
Callable Dates	August 15, 2030*	February 15, 2026*

* The Bonds are subject to redemption at the option of the District prior to their maturity in whole or from time to time in part, on the call date or any date thereafter at a price of par value plus unpaid accrued interest from the most recent interest payment date to the date fixed from redemption. Series 2021 term bonds due August 15, 2039 and August 15, 2041, are subject to mandatory redemption beginning August 15, 2037 and August 15, 2040, respectively.

**PALO PINTO COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

NOTE 3. LONG-TERM DEBT (Continued)

The following is a summary of transactions regarding bonds payable for the year ended September 30, 2025:

	October 1, 2024	Additions	Retirements	September 30, 2025
Bonds Payable	\$ 4,255,000	\$ -0-	\$ 215,000	\$ 4,040,000
			Amount Due Within One Year	\$ 210,000
			Amount Due After One Year	3,830,000
			Bonds Payable, Net	\$ 4,040,000

As of September 30, 2025, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	Principal	Interest	Total
2026	\$ 210,000	\$ 103,431	\$ 313,431
2027	220,000	99,313	319,313
2028	225,000	94,982	319,982
2029	230,000	90,541	320,541
2030	230,000	85,714	315,714
2031-2035	1,225,000	344,682	1,569,682
2036-2040	1,410,000	169,921	1,579,921
2041	290,000	8,700	298,700
	\$ 4,040,000	\$ 997,284	\$ 5,037,284

As of September 30, 2025, the District had authorized but unissued bonds in the amount of \$10,495,272 for utility facilities and \$15,590,340 for refunding bonds. The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount.

During the year ended September 30, 2025, the District levied an ad valorem debt service tax rate of \$0.195 per \$100 of assessed valuation, which resulted in a tax levy of \$380,292 on the adjusted taxable valuation of \$195,223,078 for the 2024 tax year. The bond orders require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting. See Note 7 for the maintenance tax levy.

**PALO PINTO COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

NOTE 3. LONG-TERM DEBT (Continued)

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

NOTE 4. SIGNIFICANT BOND ORDERS AND LEGAL REQUIREMENTS

The Bond Orders state that any profits realized from or interest accruing on investments shall belong to the fund from which the monies for such investments were taken; provided, however, that at the discretion of the Board of Directors, the profits realized from and interest accruing on investments made from any fund may be transferred to the Debt Service Fund.

For the Bonds sold, the District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the Bonds be rebated to the federal government, within the meaning of Section 148(f) of the Internal Revenue Code. The minimum requirement for determination of the rebatable amount is on the five-year anniversary of each issue.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year-end, the carrying amount of the District's deposits was \$142,655 and the bank balance was \$140,902. The entire balance was covered by federal depository insurance.

**PALO PINTO COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Deposits

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at September 30, 2025, as listed below:

	Cash
GENERAL FUND	\$ 33,167
DEBT SERVICE FUND	2,641
CAPITAL PROJECTS FUND	106,847
TOTAL DEPOSITS	\$ 142,655

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District’s financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District’s investments must be made “with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person’s own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived.” No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District’s investment policy may be more restrictive than the Public Funds Investment Act.

**PALO PINTO COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

The District invests in LOGIC (Local Government Investment Cooperative), an external public fund investment pool that is not SEC-registered. LOGIC is organized and existing as a business trust under the laws of the State of Texas with all participant funds and all investment assets held and managed in trust by a Board of Trustees for the benefit of the participants. Hilltop Securities, Inc. and J.P. Morgan Investment Management, Inc. serve as co-administrators of the pool. LOGIC measures its portfolio assets at amortized cost for financial reporting purposes. The District measures its investments in LOGIC and certificates of deposit at amortized cost. There are no limitations or restrictions on withdrawals from LOGIC. As of September 30, 2025, the District had the following investments:

Fund and Investment Type	Fair Value	Maturities of Less Than 1 Year
<u>GENERAL FUND</u>		
LOGIC	\$ 1,154,367	\$ 1,154,367
<u>DEBT SERVICE FUND</u>		
LOGIC	299,810	299,810
TOTAL INVESTMENTS	\$ 1,454,177	\$ 1,454,177

Credit Risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At September 30, 2025, the District's investment in LOGIC was rated AAA by Standard and Poor's.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investment in LOGIC to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value.

Restrictions

All cash and investment of the Debt Service Fund are restricted for payment of debt service and cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase or construction of capital assets.

Total Accumulated Depreciation	\$ 1,014,321	\$ 71,460	\$ -0-	\$ 1,085,781
Total Depreciable Capital Assets, Net of Accumulated Depreciation	\$ 2,336,308	\$ (71,460)	\$ 23,098	\$ 2,241,750
Total Capital Assets, Net of Accumulated Depreciation	\$ 2,336,308	\$ (71,460)	\$ 23,098	\$ 2,241,750

NOTE 7. MAINTENANCE TAX

On November 3, 2009, voters of the District approved the levy and collection of a maintenance tax at an unlimited rate on all taxable property within the District. During the current fiscal year, the District levied an ad valorem maintenance tax at the rate of \$0.23 per \$100 of assessed valuation which resulted in a tax levy of \$448,548 on the adjusted taxable valuation of \$195,223,078 for the 2024 tax year.

NOTE 8. DUE TO DEVELOPER

The District has executed development financing and reimbursement agreements with Hill Country Harbor, L.P. (Developer), the developer within the District. The agreements call for the Developer to fund costs associated with water, wastewater and drainage facilities, until such time as the District can sell bonds. As of September 30, 2025, the District has no amounts recorded as due to developer. During the current year, it was determined the liability previously recorded to the Developer was not going to be reimbursed. The District reclassified this amount to miscellaneous revenue in the current year in the Statement of Activities.

**PALO PINTO COUNTY WATER CONTROL AND
IMPROVEMENT DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
SEPTEMBER 30, 2025**

NOTE 9. ECONOMIC DEPENDENCY

The District's Developer owns a substantial portion of the taxable property within the District. The Developer's ability to make full and timely payments of taxes will directly affect the District's ability to meet its financial obligations.

NOTE 10. CONTRACTS WITH POSSUM KINGDOM WATER SUPPLY CORPORATION

On June 2, 2008 and amended on March 22, 2011, the Developer entered into a Non-Standard Service Contract with Possum Kingdom Water Supply Corporation ("PKWSC"). This contract was assigned to the District effective August 24, 2011. PKWSC owns and operates a water system which supplies potable water within the boundaries of the District. The Developer has requested from PKWSC to provide water to the District through a water line extension. The Developer is responsible for the construction and engineering of the water line extension. Upon completion, the water line extension will be dedicated to PKWSC to be owned, operated, and maintained. PKWSC agrees to provide continuous and adequate water service to the District based on the rates set forth in the PKWSC's tariff.

On June 17, 2009, the District entered into a water and wastewater collection agreement with PKWSC. PKWSC agrees to serve as the agent for the District for the purposes of billing and collecting sanitary sewer and water service fees from businesses and residents within the District's boundaries and certain customers of the District's system outside the District's boundaries.

NOTE 11. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions and natural disasters for which the District carries commercial insurance. There have been no significant changes in coverage from the prior year and settlements have not exceeded coverage in the last three years.
