

RESOLUTION ADOPTING DEBT SERVICE BUDGET

THE STATE OF TEXAS

§

§

COUNTY OF HAYS

§

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF ANTHEM MUNICIPAL UTILITY DISTRICT THAT:

WHEREAS, the Board of Directors of Anthem Municipal Utility District (the "District") has projected the proposed debt service expenses and revenues for the District for the period of October 1, 2026 through September 30, 2027, in conjunction with the proposed setting of its 2026 tax rate and desires to adopt a budget consistent therewith;

NOW THEREFORE KNOW ALL MEN BY THESE PRESENTS;

Section 1. That the Debt Service Budget attached hereto as Exhibit "A" is hereby adopted.

Section 2. That the Secretary of the Board of Directors is hereby directed to file a copy of this Resolution Adopting a Debt Service Budget in the official records of the District.

ADOPTED this 9th day of September, 2026.

Steven G. Solt
Vice President, Board of Directors

ATTEST:

Thomas Crawford
Secretary, Board of Directors

[DISTRICT SEAL]

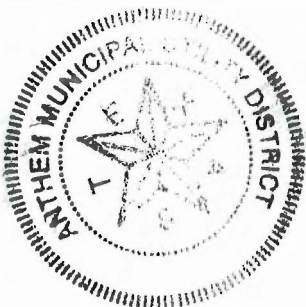

EXHIBIT "A"

(Attach Debt Service Budget)

ANTHEM MUNICIPAL UTILITY DISTRICT

2026 TAX RATE SETTING POINTS FOR DISCUSSION August 12, 2026

RECOMMENDATIONS

- Publish a total tax rate of **\$1.00** this year (same rate as last year).
- Set an Operations and Maintenance tax rate of **\$0.42** (\$0.47 last year).
- Set a Utility Debt Service tax rate of **\$0.50** (\$0.45 last year).
- Set a Road Debt Service tax rate of **\$0.08** (\$0.08 last year).
- The above recommendations will not expose the District to a potential rollback election. See the attached Truth in Taxation worksheet.

FINDINGS & ANALYSIS

- We will be levying a tax against approximately **\$241 million** of taxable value this year. Last year the taxable value was **\$223 million**, an \$18 million increase.
- Per Hays CAD, the \$241 million of taxable value is comprised of approximately \$238 million that is currently certified on the roll plus the owners' opinion of the presently uncertified value (approximately \$3 million).
- Per Hays CAD and the Hays County Tax Office, the average homestead taxable value in the District decreased to \$419,563 this year from \$435,691 last year.
- Every penny of tax rate means about **\$24,000** of tax revenue for the District and means about **\$41** of annual MUD taxes paid by the average homestead owner.
- Review Key Assumptions Used in Debt Service Cash Flow:
 - Beginning Balance in the Utility Debt Service Fund = \$745,000;
 - Beginning Balance in the Road Debt Service Fund of \$115,000;
 - Interest to be earned at 2.0%;
 - 2026 Taxable Value (per Hays CAD) = \$241 million;
 - No growth in taxable value assumed;
 - Existing debt service requirements (no additional bonds assumed); and
 - Tax Collection factor of 98%.

2026 Water District Voter-Approval Tax Rate Worksheet for Low Tax Rate and Developing Districts

Form 50-858

Water District's Address, City, State, ZIP Code

Water District's Website Address

GENERAL INFORMATION: The Comptroller's office provides this worksheet to assist water districts in determining their voter-approval tax rate. The information provided in this worksheet is offered as technical assistance and not legal advice. Water districts should consult legal counsel for interpretations of law regarding tax rate preparation and adoption.

☐ Low tax rate water district
(Water Code Section 49.23601)

☒ Developing water district
(Water Code Section 49.23603)

☐ Developed water district in a declared disaster area
(Water Code Section 49.23602(d))

SECTION 1: Voter-Approval Tax Rate

The voter-approval tax rate for low tax rate and developing water districts is the current year's debt service and contract tax rates plus the maintenance and operation (M&O) tax rate that would impose no more than 1.08 times the amount of M&O tax imposed by the water district in the preceding year on the average appraised value of a residence homestead in the water district. The average appraised value disregards any homestead exemption available only to people with disabilities or those age 65 or older.

The calculation process starts after the chief appraiser delivers to the taxing unit the certified appraisal roll or certified estimate of value and the estimated values of properties under protest. The designated officer or employee shall certify that the officer or employee has accurately calculated the tax rates and used values shown for the certified appraisal roll or certified estimate. The officer or employee submits the rates to the governing body by Aug. 7 or as soon thereafter as practicable.

If any part of a developed water district is located in an area declared a disaster area during the current tax year by the governor or by the president, the board of the district may calculate the voter-approval tax rate in the manner provided in Water Code Section 49.23601(a) and determine whether an election is required to approve the adopted tax rate in the manner provided in Water Code Section 49.23601(c). In such cases, the developed water district may use this form to calculate its voter-approval tax rate.

Line	Worksheet	Amount/Rate
1.	Prior average appraised value of residence homestead. ¹	\$ 435,691.00
2.	Prior general exemptions available for the average homestead. Excluding age 65 or older or disabled persons exemptions. ²	\$ 0.00
3.	Prior average taxable value of residence homestead. Line 1 minus Line 2.	\$ 435,691.00
4.	Prior adopted M&O tax rate.	\$ 0.47000 / \$100
5.	Prior M&O tax on average residence homestead. Multiply Line 3 by Line 4, divide by \$100.	\$ 2,047.75
6.	Highest M&O tax on average residence homestead with increase. Multiply Line 5 by 1.08 ³	\$ 2,211.57
7.	Current average appraised value of residence homestead.	\$ 419,563.00
8.	Current general exemptions available for the average homestead. Excluding age 65 or older or disabled persons exemptions. ⁴	\$ 0.00
9.	Current average taxable value of residence homestead. Line 7 minus Line 8.	\$ 419,563.00
10.	Highest Current M&O tax rate. Line 6 divided by Line 9, multiply by \$100. ⁵	\$ 0.52711
11.	Current debt tax rate.	\$ 0.00000 / \$100
12.	Current contract tax rate.	\$ 0.00000 / \$100
13.	Current voter-approval tax rate. Add lines 10, 11, and 12.	\$ 0.52711 / \$100

1) Tex. Water Code - 49.236(a)(2)(C)

2) Tex. Water Code - 49.236(a)(2)(D)

3) Tex. Water Code - 49.23601(a)(3) and 49.23603(a)(3)

4) Tex. Water Code - 49.236(a)(2)(E)

5) Tex. Water Code - 49.23601(a)(3) and 49.23603(a)(3)

SECTION 2: Mandatory Tax Election Rate

For a low tax rate water district, the election tax rate is the highest total tax rate the district may adopt without holding an automatic election to approve the adopted tax rate.

For a developing water district, the election tax rate is the highest total tax rate the district may adopt before qualified voters of the district may petition for an election to lower the adopted tax rate.

If any part of a developed water district is located in an area declared a disaster area during the current tax year by the governor or by the president, the board of the district may calculate the election tax rate as the highest tax rate the district may adopt without holding an automatic election to approve the adopted tax rate.

In these cases, the election tax rate is the rate that would impose 1.08 times the amount of tax imposed by the district in the preceding year on the average appraised value of a residence homestead in the water district. The average appraised value disregards any homestead exemption available only to people with disabilities or those age 65 or older.

Line	Worksheet	Amount/Rate
14.	Prior Average Taxable Value of Residence Homestead. Enter the amount from Line 3.	\$ 435,691.00
15.	Prior Adopted Total Tax Rate.	\$ 1.00000 /100
16.	Prior Total Tax on Average Residence Homestead. Multiply Line 14 by Line 15.	\$ 4,356.91
17.	Current Highest Amount of Taxes per Average Residence Homestead. Multiply Line 16 by 1.08.	\$ 4,705.46
18.	Current Tax Election Tax Rate. Divide Line 17 by Line 9 and multiply by \$100.	\$ 1.12152 / \$100

SECTION 3: Taxing Unit Representative Name and Signature

Enter the name of the person preparing the voter-approval tax rate and mandatory tax election rate as authorized by the governing body of the water district. By signing below, you certify that you are the designated officer or employee of the taxing unit and have calculated the tax rates in accordance with requirements in Water Code.⁶

Printed Name of Water District Representative
